

November 18, 2006

Dear Tiffany-

What a great show! Thank you so much for inviting us to be on your show. I take great pride in my job and my passion in the field of eating disorders. I was motivated by your show and am happy to know that there is a program that can reach out to all women and teach them about loving themselves and honoring who they are.

I am attaching the information that I presented on your show today in hopes you can put it on your website for awhile. I also look forward to continued contact in regards to eating disorders and our community. You are a wonderful role model and I can appreciate this in our society today!

Thank you again and God bless,

Dadhri L. Keane, MFT
