

Tiffany and Heart 2 Home Team,

I am sitting here tonight in this beautiful home that you've created for us, and I am feeling so thankful for that has been done for myself and my family. This house is just perfect.

We cleaned some things out of the garage a few weeks ago and we found a copy of the blueprints. I want to hold on to them as a memory, but I also want them, because if anything ever happen to this home, I'd want it restored just like it is, there isn't a thing I'd change.

I'm excited to help in some way as you create this miracle for someone else this year. I'm also going to be getting a mission call to work at DI helping others to improve their lives, by teaching classes, and helping people become more self sufficient.

I will never be able to say thank you enough, or give back to others enough to pay back for what's been done for myself and my family. Please know that all of your efforts created a miracle for us, and we in turn are trying to do all we can to do the same. Thank you again, and again, and again.
